Tenancy Deposit Scheme (TDS) Charitable Foundation grants

The TDS Charitable Foundation exists to raise the standard of private rented housing management. Each year they select particular areas as a focus for their work and funding. In 2018 the Foundation is looking to support projects which focus on one of the following themes: Promoting knowledge of landlords' obligations; Promoting knowledge of

tenants' rights & responsibilities.

The growth of the private rented sector has been fueled in recent years in part by the rise of the 'accidental landlord'. This is often a person who owns property but who is required by circumstances to let the property. These landlords tend to be inexperienced and not fully understand the obligations that they have to meet as a landlord. The Foundation invites proposals that will help to educate such landlords about the obligations of being a private landlord.

The Foundation is also aware that many tenants are not fully aware of their rights and responsibilities and the Foundation is inviting proposals which will help educate tenants about their rights and responsibilities.

Funding is available under 3 streams: stream strategy:

- A national funding stream for larger projects with national impact (c £50,000 per project)
- An innovation fund to enable those riskier projects to be funded (c £25,000 per project)
- A community stream for local projects (c £10,000 per project)

The deadline for applications is 14 June 2018.

Community Centres & Village Halls grants – Trusthouse Charitable Foundation

Trusthouse is interested in applications for capital projects at community centres in the most deprived urban areas and village halls in remote and economically deprived rural areas.

They expect that you will be providing a range of activities for all ages and abilities which help to promote community cohesion and address local problems of isolation, poverty, lack of local facilities, transport and other issues of relevance to your area.

The Foundation will consider applications for new buildings; upgrading, renovating or extending buildings; improving or creating outside space (but not car parks). You will need to have secured a minimum of 50% of the costs of the project before you start an application.
