This scheme is intended to reimburse people for the costs of setting up a childcare business. The scheme is only open to newly registered businesses. From 1 May 2017 a newly registered business is one that has been registered with Ofsted or a CMA within the last 3 months.

Tenancy Deposit Scheme (TDS) Charitable Foundation grants

The TDS Charitable Foundation exists to raise the standard of private rented housing management. Each year they select particular areas as a focus for their work and funding. In 2018 the Foundation is looking to support projects which focus on one of the following themes: Promoting knowledge of landlords' obligations; Promoting knowledge of tenants' rights & responsibilities.

The growth of the private rented sector has been fueled in recent years in part by the rise of the 'accidental landlord'. This is often a person who owns property but who is required by circumstances to let the property. These landlords tend to be inexperienced and not fully understand the obligations that they have to meet as a landlord. The Foundation invites proposals that will help to educate such landlords about the obligations of being a private landlord.

The Foundation is also aware that many tenants are not fully aware of their rights and responsibilities and the Foundation is inviting proposals which will help educate tenants about their rights and responsibilities.

Funding is available under 3 streams: stream strategy:

- A national funding stream for larger projects with national impact (c £50,000 per project)
- An innovation fund to enable those riskier projects to be funded (c £25,000 per project)
- A community stream for local projects (c £10,000 per project)

The deadline for applications is 14 June 2018.

- could not otherwise be established by the market;
- address specific barriers for returners and can be replicated at scale;
- can demonstrate self-sustainability beyond the initial funding period of the grant;
- increase understanding of how best to support a) returners to gain paid employment and b) employers to recruit and support returners.

It is anticipated that most of the grant recipients under the Returners Fund will be voluntary and community sector organisations, social enterprises and training providers. Approximately 15-18 projects will be selected in total. Expressions of interest must be submitted by 16 August 2018.

They interpret ‘community centres’ in the broad sense, so you might be a church, sports facility or other building which offers a range of activities throughout the week which all the community can access.

The Foundation will consider applications for new buildings; upgrading, renovating or extending buildings; improving or creating outside space (but not car parks). You will need to have secured a minimum of 50% of the costs of the project before you start an application.

Tesco Bags of Help – Tesco and Groundwork

The money raised from the 5p bag charge in Tesco stores in England, Wales and Scotland is being used to support community participation in the development and use of open spaces. Projects that will get the green light as a result of the funding will include volunteer training, physical improvements of open spaces, equipment purchases, community events and sports and leisure activities.

Administration of the local funding is being managed by the community charity Groundwork. Bags of Help is always open to applications from community projects. Groundwork assesses all of the applications received to ensure they are eligible. This is followed up by Tesco shortlisting groups who decide which projects go forward to the in-store vote. Three local community projects will be voted on in Tesco stores each month across Tesco regions throughout England, Scotland and Wales. In each region, the project that received the most votes from all stores in their region will receive a grant of up to £5,000. The second placed project receives up to £2,000 and third placed up to £1,000. Every year, over 7000 projects will receive funding through this scheme.
